Sofia Rubina is what your best friend sounds like. Energetic, colorful, cheery and optimistic, the singer and performer blends all the genres you love to fit her brand like your favorite jeans. Whether you're dancing in your kitchen or your local club, Sofia is ready to go there with you.

Celebrating life on the edge of music, your newfound sister loves both spectrums equally; from straight-ahead jazz standards, improvisation, and vintage songbird sounds to collaborations with DJs and flirts with pop, soul and electro music, the Estonian artist immerses herself into all of it with vigour and style, promising to move both body and soul.
